iClicker setup

What is it?

iClicker (reef) is an audience polling application that many professors utilize during lectures and review sessions. Several professors have also used it to take **attendance**. It would be a good idea to have this setup before orientation as we will be using it in the Technology and U session.

How do I access it?

Web browser: https://www.iclicker.com/students/

Mobile apps:

Do I REALLY need to buy it?

It is highly recommended. iClicker does have a 14-day trial period for new accounts. Both first-year *and* second-year instructors utilize iClicker. Fortunately, there is a discount when you purchase a 2-year subscription, it will save you \$15 (\$25+\$25 vs. \$35) and future headaches.

Setup:

- 1. Select "Create New Account" and complete the following requested fields
- 2. For university, search for and select "Rocky Vista University" and then click "next"

- 3. Use your RVU email address, usually "firstname.lastname@rvu.edu"
- 4. Student ID: the 6 digit number you use for MyVista

5. Create a password and you're finished! Don't forget to bookmark the site if you're using the browser!

Note: Each lecturer will specify which course to join during their session. If they don't, ask them!
